Announcement on planned unit area site drill at the Polimery Police project site

Grupa Azoty Polyolefins S.A. announces that on December 12 and 14, from 9:00 a.m. to 13.00 on the premises of the Polimery Police installation will be held unit area site drill in the scope of realization of scenarios of the Internal Operational and Rescue Plan of Grupa Azoty Polyolefins.

During the drill, it will be possible to observe emergency services moving at the alarm signal in the direction of Kuznicka Street and Peter and Paul Street, as well as on the installation site. In addition, a sound and light alarm system will be activated. Evacuation of workers from the installation site will also be carried out.

Police district residents are asked to remain calm, as the above-mentioned activities will be undertaken as planned in coordination with district emergency services.

Current information on the annoyance is sent to the local media, representatives of villages neighboring the installation, and posted on the company's website under [NEWS](#).
