Home&Market awarded Grupa Azoty in category of innovative products/services for PDH Project. Grupa Azoty is among 15 the most innovative companies. PDH Project met the criteria imposed by the publisher in 100%. The company will build production plant, OSBL and new sea terminal in Police. Production and sales of propylene will provide high profitability to PDH Polska S.A. The perspective of covering total Grupa Azoty's propylene demand will additionally guarantee achievement of strategic goals of the Group.
